

Gospel Champions

A Catholic Action Adventure Video Game
Sequenced With The Lectionary To Extend Gospel Readings To Home PC's

Hey Kids and Parents! This information sheet tells you how to get your copy of the new Gospel Champions PC video game. Gospel Champions recreates Gospel stories in a 3D arcade game that is fun to play and helps reinforce Gospel and Catholic teachings. Best of all, the game is sequenced with the lectionary! Each month the game presents a new Gospel Story from one of the readings that children will hear in mass during the same month. So they hear it in mass and then play it at home.

It's fast and furious action for Zack and Mary Martha. Help them as they travel through adventurous Gospel stories using fun power-ups and ancient tools to perform works of mercy, solve problems, and outwit menacing adversaries. Score bonus points as you find Catholic Prayers, Saints and Teachings.

Download the game at : www.GospelChampions.com/game.asp

(Save the install file to your desktop, then open the file and when prompted by the installer, enter the 9 - Digit Access Code you received from your church or school.)

9 - Digit Access Code: nln-nln-nln

(Access Code will be provided in the Sunday Bulletin and in CCD Classes)

Gospel Champions will run on most PC's with an 800 MHZ (or higher) processor running Windows 98, ME, 2000, or XP. We strongly suggest you visit your graphics card manufacturer's website to download the latest software drivers for your graphics card (which are free). If you have questions or problems, e-mail us at support@thirddaygames.com.
